	sc_consent	Self-complete Read to participant: We have a few last questions to ask you. These questions are about your identity, voting choices, some of your experiences as a child, and things that might have happened to you more recently. Because some of these questions are sensitive, we will give you the tablet so that you can complete them privately. We are collecting this information to better understand different problems that are sensitive in our society, and how to address them. Your honesty will help us give government accurate information. However, you can choose not to answer any question if you are not comfortable. I will not be able to see your responses, and your answers will be kept confidential. Do you give consent to participate in the self-complete section?
